+ ABOUT ME

Hey, I'm Jeremy! I'm a front-end developer and designer who loves solving problems and building awesome things for the web, and at my core, I'm a learner. Whenever I see something cool or engaging I immediately need to know how it's done so that I can incorporate it into my own work, and that's led to me learning a little bit about a lot of different things.

+ EXPERIENCE

Senior Front-end Developer

Launch That

April 2017 - Present

- + Designed and built interactive tools with React, Javascript (ES5/ES6), PHP, Twig, ACF, HTML, and SASS.
- + Led development of new websites and high-converting landing pages, ads, and calls to action with a focus on performance and accessibility.
